Work Package

Deliverable: 6 Dissemination & Exploitation
D6.1 Dissemination Plan and Log

Type: Report

Dissemination level: Public

Version: Final

Delivery date: 14/11/2023

Keywords: Dissemination plan, effective communication, activities
dissemination log

Abstract: The dissemination plan aims at an effective communication of the project in an audience-friendly manner to all stakeholders. The dissemination activities, planned based on an initial dissemination roadmap, categorised according to their type (e.g. conference presentations, articles, workshops, etc.). It used technological materials disseminating Ind4.0 project using website and project social media such as Facebook, LinkedIn, YouTube, Newspapers, Radio Broadcasting and Television, and Press Conference. The initial dissemination plan turned into a “dissemination log” that contain all dissemination activities during the project’s lifetime. The Ind4.0 website was main information point of the project where the dissemination log was published as new and events .The final report documented the dissemination activities for the whole duration of the project.

1.0 Introduction

Ind4.0 is an Erasmus+ Capacity Building for Higher Education project which is funded by the European Commission that aims to develop, test and implement Masters of Science in Industry 4.0. The main goal of the project is to create the Professional Training in Industry 4.0 as well as the Ind4.0 Centre of Excellence which will stand as the hub for academics and practitioners to hone research expertise in the relevant areas of Ind4.0.

This deliverable concerns Dissemination Plan for Ind4.0 Project (Table 1). The document offers details on the dissemination activities to be executed from 2020 until the end of the project and it provides detailed descriptions to pilot partners on how to disseminate the projected to the targeted groups in relation to Ind4.0. The project's dissemination objectives and results for achieving them through the duration of the project were formulated. The plan also describes who the stakeholders are and dissemination strategies. It also presents a general overview on how to prepare dissemination tools and channels, and dissemination tasks. The dissemination plan thus also describes the procedure of dissemination monitoring for preparation and deliverable of all the important dissemination tools and activities in order to be exploited. The delivery date of the final report by the Work Package Leaders are also recorded.

2.0 Objectives of the Ind4.0 Dissemination

The general objectives of the Ind4.0 dissemination are to:

1. Brand Ind4.0 project: development of a Ind4.0 logo that will continue after the end of the project;
2. Reach all stakeholders of the stakeholder analysis;
3. Reach at all levels: Results will also be presented in media and leading newspapers at local/regional and national levels.

3.0 The Dissemination Plan

To achieve objectives, Table 1 shows the dissemination plan for the partners in the consortium which:

1. agree with realistic targets and deadlines with partners to monitor progress;
2. align dissemination and exploitation activities with key stages of the project;
3. offer sufficient flexibility to respond to the needs of the target group as well as wider;
4. developments in policy and practice; and
5. make the best of the Erasmus+ dissemination platform.

**ERASMUS INFO DAY
EDUCATIONAL TALK**

DATE: 3 NOVEMBER 2023
TIME: 08:30AM – 12:30PM
VENUE: Dewan Al-Ghazali, Kompleks Al-Khwarizmi, UiTM Shua Alam

Meet Our Speaker:

- Speaker 1: Prof Ts Dr Ling Siew Eng**
(Professor KPPIM, UiTM Cawangan Sarawak)
Topic: Educational programs under the ERASMUS project
- Speaker 2: Prof Ts Dr L Associate Prof. Dr Norjansalkha Janom**
(Deputy of Postgraduate Studies, KPPIM)
Topic: KPPIM Masters Programs
- Speaker 3: Freddy Loo**
(Director of Customer Engagement, AI and Analytics, Futures International)
Topic: IR4.0: Are We Really There?

BOOK YOUR SEAT NOW

**KPPIM STUDENTS ARE INVITED!
BREAKFAST AND LUNCH ARE PROVIDED**

Ind4.0
ERASMUS+ CBHE

Master Degree in Industry 4.0 (IND4.0)

610455-EPP-1-2019-1-MY-EPPKA2-CBHE-JP

Objectif

IND4.0 aims specifically to develop the master curriculum in industry 4.0 as a collaborative effort of 15 institutions in Europe and ASEAN (6 EU partners from Italy and Greece and 9 ASEAN partners from Cambodia, Indonesia and Malaysia)

MBA in Digital Business Management (DBM)

Core modules

- Digital marketing
- Green entrepreneurship
- Cost-benefit analysis (CBA)
- Management information system (MIS)
- R programming for business research

Job opportunities

- project manager or company director
- digital business practitioner
- digital transformation specialist
- knowledge management system specialist
- digital platform specialist
- entrepreneur
- consultant
- lecturer & researcher
- Pursue PhD degree

5.6 Publication of the project results in specialized and non-specialized local, national and international journals

Publishing project results in specialized or non-specialized journals can get a wider audience of potential users and audience interested in the implementation of the InD4.0 Project. The inaugural 1st International Conference on Business and Science Technology Advancement in InD4.0 (ICoBTA-IR4.0) serves as the main publication media for Ind4.0 as indicated in Table 8.

Table 8: Publication in specialized and non-specialized local, national and international journals

6.0 Ind4.0 Websites – Events and News

The Events and News page of the Ind4.0 also consists of a lists of activities which were contributed by the partners and will continue to be updated as shown in Figure . There are 16 pages. However, these were not only the events organised throughout the lifetime of the project.

Figure 1: New and events reported in Ind4.0 Website

The screenshot shows the Ind4.0 website's News & Events page. At the top, there is a navigation bar with a red background containing links for Home, Partners, Project, Courses, News & Events, Activities, Contact, and ICoBTA e-Proceedings. Below the navigation bar, the page title "News & Events" is displayed. The main content area features a featured article titled "IND4.0 and DSAI USK students became speakers at IEEE GCCE 2023 Japan" with a date of 26 October 2023 and a "Read more ..." link. Below this, there is a "More Articles ..." section listing several other articles. At the bottom of the page, there is a pagination control showing "Page 1 of 16" and a set of numbered buttons from 1 to 10, with "1" being the active page.

D6.1 Dissemination Plan and Log

Co-funded by the
Erasmus+ Programme
of the European Union

7.0 Conclusion

Ind4.0 project has developed a set of actions and strategies aimed at disseminating information of the achievement of the 7 working packages. Thus, it is essential to facilitate the transfer of results and use to a wider audience increasing the visibility of the project. Among the 8 dissemination strategies, the Project Website and Project Social Network and Flyers, Brochures, and Posters were 2 strategies put into actions as shared by all partners.
